

The Independent Park Home Advisory Service

IPHAS Publications

The law relating to permanent Park Home living is a complicated subject, as those of you who have consulted a solicitor about buying a home will know!

IPHAS is always revising the list of informative publications compiled by the Team, keeping the information as current and as valid as possible.

For publications produced by other organisations, e.g. DCLG and HMSO, the price charged is to cover the cost of copying only.

We acknowledge the rights of HMSO in allowing us to copy their items.

When ordering publications please state if you are already in IPHAS registration.
